The research above is prepared by Richardson Wealth and is current as at the date on page 1. Please note that past performance is not necessarily an indicator of future performance. The indicated rates of return are gross of fees and/or commissions. Individual results of client portfolios may differ from that of the representative portfolio as fees may differ, and performance of specific accounts is based on specific account investiture. The noted representative portfolio may not be appropriate for all investors.

This research has been prepared for the use of the clients of Richardson Wealth and must not be copied, either in whole or in part, or distributed to any other person. If you are not the intended recipient, you must not use or disclose the information in this research in any way. Nothing in this research shall be construed as a solicitation to buy or sell any security or product, or to engage in or refrain from engaging in any transaction. This research is general advice and does not take account of your objectives, financial situation or needs. Before acting on this general advice you should therefore consider the appropriateness of the advice having regard to your situation. We recommend you obtain financial, legal and taxation advice before making any financial investment decision. Past performance is not a reliable indicator of future performance. There are risks involved in securities trading. The price of securities can and does fluctuate and an individual security may even become valueless. International investors are reminded of the additional risks inherent in international investments, such as currency fluctuations and international stock market or economic conditions, which may adversely affect the value of the investment. This research is based on information obtained from sources believed to be reliable but we do not make any representation or warranty that it is accurate, complete or up to date. We accept no obligation to correct or update the information or opinions in it. Opinions expressed are subject to change without notice. No member of the Richardson Wealth accepts any liability whatsoever for any direct, indirect, consequential or other loss arising from any use of this research and/or further communication in relation to this research.

Richardson Wealth or its associates, officers or employees may have interests in the financial products referred to in this report by acting in various roles including as investment banker, underwriter or dealer, holder of principal positions, broker, lender, director or adviser. Further, they may act as market maker or buy or sell those securities as principal or agent and, as such, may affect transactions which are not consistent with the recommendations (if any) in this research.
